AVIATION EXPERIENCE

Your Party Experience

As soon as you arrive, we give everyone a big welcome and do a fun **quiz activity** in the exhibition. Children are encouraged to collaborate, explore and interact with the exhibits to find the answers!

Then we are off to the **flight simulators**! Children get exclusive access of all four simulators: 2 Airbus A380's and 2 Boeing 777's. This means that at any given time 8 children are flying as pilots and co-pilots. Children then rotate within their teams so everyone becomes a pilot. Under the guidance and supervision of our trained instructors, children can take off and land from 10 airport destinations, select different weather conditions, as well as compete for the best landing score! At the end, the pilots with the highest score will receive a certificate award from the Aviation Experience.

The **party buffet** is served in a reserved and decorated area in the café after the simulator experience. If you select muffins or a birthday cake, they can be served with candles after the meal. Results and prizes are also announced and given out towards the end of your party.

Make your party special!

Prizes & Gifts

Everyone loves a gift, especially if they have won a competition! You can choose one of our prize packages, gift packs or find more ideas on our **website**. For prizes, pick 3 items to award the best pilots or 6 to award the best pilot & co-pilot teams.

Our birthday packages are great for (almost) all ages!

The **minimum age to fly on our simulators is 9**, however younger children at the party can participate as passengers. Activities are made to fit different age groups. Our aim is for all children to have fun and learn about aviation. If you have any additional requirements or questions let us know!

- * Buffet and shop products are subject to availability.
